The following is an examiner's statement of reasons for allowance:

- The references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action mailed on December 15, 2004, and further comprising the limitations of **(With respect to claim 1)** wherein the edge portion has a convex portion having a protruding shape in cross section and wherein the rib has a height lower than a height of the edge portion in cross section; nor **(With respect to claim 19)** the combination of wherein the edge portion is formed integrally with the center portion, and wherein the center portion is provided with a strengthening portion which is flat in cross section and is thicker than the edge portion; nor **(With respect to claim 20)** wherein the edge portion has a shape so that an elasticity at a portion thereof close to a center of the diaphragm with respect to the first direction is larger than an elasticity at a portion thereof far away from the center of the diaphragm.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
